

Invest in Speedway Parks

As Speedway Parks & Recreation makes efforts to keep the parks safe and beautiful by removing dead and dying trees, we are looking to the community to help reforest the areas. Trees are not an inexpensive commodity. For \$250 your family or business can purchase a sapling that will be planted and dedicated with a memorial marker at the base of the tree.

Your legacy will live on in nature and your commitment to Speedway Parks.

Requested Inscription:

Requested Park:

All trees will be of the oak variety for uniformity & heartiness. Trees have a one-year replacement guarantee. Trees purchased in the spring/summer will be planted in October and those purchased in the fall/winter will be planted in April.

Cost: \$250 per tree. Purchase is tax-deductible.

Please make checks payable to Speedway CDC Tree Fund
