July 23, 2015

## **Important Information Regarding Yard Waste Pick Up**

The Town of Speedway will conclude its storm clean up at the end of the day on July 23rd.

Beginning next week; all yard waste needs to meet Town standards in order to be collected. Specifically, yard waste must be in paper bags, reusable containers, or bundles. Limbs 3' in length and no more than 3" in diameter will be collected.

Please place your yard waste at your normal pick up area and on your normal collection day for pickup.

If you still have large storm debris to dispose of, a dumpster is placed at the Street Department through next week.

Thank you,

Wendell Walters  
Speedway Street Commissioner
