[US News Indiana Rankings](#)

Speedway High School continues the unprecedented streak of years named among the top-ranked high schools in Indiana, also earning national recognition. This year's metrics place SHS #2 in the College Curriculum Breadth Index, #6 in the College Readiness Index, and our highest ranking nationally came in the State Assessment Performance Rank, which measures how much better our Black, Hispanic, and low-income students perform compared to their expected outcomes and students at other schools. Congrats to all STOS students and staff!
